The Southwestern Association of Naturalists was founded in May 1953 to promote the field study of plants and animals (living and fossil) in the southwestern United States, Mexico, and Central America and to aid in the scientific activities of its members. The Association holds an annual meeting with field trips and publishes THE SOUTHWESTERN NATURALIST. Membership is open to all persons interested in natural history.

THE SOUTHWESTERN NATURALIST (ISSN 0038-4909) is published quarterly by The Southwestern Association of Naturalists, Department of Biology, Southwest Texas State University, 601 University Drive, San Marcos, TX 78666. Subscription rates are $25 for regular members, $15 for student members, $33 for family members, $30 for sustaining members, and $35 for institutional members. Second-class postage paid at San Marcos, TX, and additional office. POSTMASTER: Send address changes to the Southwestern Association of Naturalists, % Dr. Paula Williamson, Department of Biology, Southwest Texas State University, 601 University Drive, San Marcos, TX 78666.

NOTICE TO MEMBERS

All second-class mail must include the ZIP code. If your address does not show your correct ZIP code, please insert the code on the addressed envelope, along with any other corrections, and mail it to the Treasurer.

CONTENTS OF VOLUME 39

NUMBER 1

Mammalian species composition, diversity, and succession in conservation reserve program grasslands. *Dianne L. Hall and Michael R. Willig* 1

Distribution of the threatened leopard darter, *Percina pantherina* (Osteichthyes: Percidae). *Alexander V. Zale, Stuart C. Leon, Matthew Lechner, O. Eugene Maughan, Mark T. Ferguson, Steve O'Donnell, Brenda James, and Paul W. James* 11

Aposematic coloration in *Dactylotum variegatum* (Orthoptera: Acrididae): support from vertebrate feeding trials. *Paul R. Neal, Mark R. Stromberg, and Karen A. Jepson-Innes* 21

Are cicadas (*Diceroprocta apache*) both a "keystone" and a "critical-link" species in lower Colorado River riparian communities? *Douglas C. Andersen* 26

Clonal diversity patterns in marginal populations of the geographically restricted shrub *Neviusia alabamensis* (Rosaceae). *Kenneth J. Freiley* 34

The type locality of *Sceloporus torquatus minor* Cope, 1885 (Sauria: Iguanidae). *Robert G. Webb and Ralph W. Axtell* 40

Microscopic eggshell characteristics in the collared lizard, *Crotaphytus collaris* (Sauria: Crotaphytidae). *Stanley E. Trauth, Chris T. McAllister, and Wei Chen* 45

Recolonization of wildlife on a coal strip-mine in northwestern New Mexico. *Terry T. Ireland, Gale L. Wolters, and Sanford D. Schemnitz* 53

Utilization of coarse woody debris by Ephemeroptera in three Ozark streams of Arkansas. *Edward C. Phillips and Raj V. Kilambi* 58

Biochemical variation in *Alpheus* (Decapoda, Caridea, Alpheidae) from the coast of Texas: evidence for cryptic species. *Matthew R. McClure and Ira F. Greenbaum* 63

Trends in California mountain lion populations. *K. Shawn Smallwood* 67

Components of northern bobwhite brood habitat in southern Texas. *J. Scott Taylor and Fred S. Guthery* 73

Factors affecting loss in mass of creosotebush leaf-litter on the soil surface in the northern Chihuahuan Desert. *W. P. MacKay, S. J. Loring, J. C. Zak, S. I. Silva, F. M. Fisher, and W. G. Whitford* 78

New psocids (Insecta: Psocoptera) from Socorro Island, Revillagigedo Archipelago, Mexico. *Alfonso Neri Garcia Aldrete* 83

Notes

Characteristics of Ponderosa pines and Abert squirrel herbivory. *W. Sylvester Allred and William S. Gaud* 89

Food-item use by coyotes at the Naval Petroleum Reserves in California. *Brian L. Cypher, Kenneth A. Spencer, and Jerry H. Scrivner* 91

Movements and nesting habitat of lesser prairie-chicken hens in Colorado. *Kenneth M. Giesen* 96

Current status of the rice rat, *Oryzomys couesi peninsularis*. *Sergio Ticul Alvarez-Castañeda* ... 99

Announcements 101

NUMBER 2

Distribution and abundance of the Mexican lampreys (Petromyzontidae: *Lampetra*: subgenus *Tetrapleurodon*). *John Lyons, Philip A. Cochran, Oscar J. Polaco, and Evodio Merino-Nambo* 105

Changes in competition between a C_4 grass and a woody legume with differential herbivory. *O. W. Van Auken* 114

Ecophysiology of three C_4 perennial grasses in the northern Chihuahuan Desert. *R. S. Senock, D. L. Devine, W. B. Sisson, and G. B. Donart* 122

Species diversity, selectivity, and habitat associations of small mammals from coastal California. *Gary M. Fellers* ... 128
An assessment of riparian environmental quality by using butterflies and disturbance susceptibility scores. *S. Mark Nelson and Douglas C. Andersen* ... 137
Effects of diet composition and ambient temperature on food choice of captive mallards. *C. Brad Dabbert and Thomas E. Martin* ... 143
Geographic variation in morphology of spikedace, *Meda fulgida*, in Arizona and New Mexico. *Allison A. Anderson and Dean A. Hendrickson* ... 148
Reproductive characteristics of Merriam's pocket gopher (*Pappogeomys merriami merriami*) from Huitzilac, Morelos, Mexico (Rodentia: Geomyidae). *Beatriz Villa-C. and Richard M. Engeman* ... 156
Ecological conditions and the notonectid–fairy shrimp interaction. *B. D. Woodward and J. Kiesecker* ... 160
Correlations between fecal nitrogen and diet composition in free-ranging black-tailed deer. *Brian N. Massey, Floyd W. Weckerly, Charles E. Vaughn, and Dale R. McCullough* ... 165

Notes

List of reptiles of Morelos, Mexico, and their distribution in relation to vegetation types. *Rubén Castro-Franco and María Guadalupe Bustos Zagal* ... 171
Observations on long-nosed bats (*Leptonycteris*) in New Mexico. *Reginald A. Hoyt, J. Scott Altenbach, and David J. Hafner* ... 175
Natural regeneration in encinal woodlands of southeastern Arizona. *Simone Borelli, Peter F. Ffolliott, and Gerald J. Gottfried* ... 179
Current status of terrestrial birds on the islands of Mono Lake, California. *Linnea S. Hall, Michael L. Morrison, and William M. Block* ... 183
Latitudinal differences in sex ratios among nonbreeding western sandpipers in Puerto Rico and Ecuador. *Brian A. Harrington and Ben Haase* ... 188
Timing of remigial molt in fulvous whistling ducks nesting in Louisiana. *William L. Hohman and David M. Richard* ... 190
Growth and survivorship of Moapa dace (Osteichthyes: Cyprinidae: *Moapa coriacea*) in an isolated stream reach on Moapa National Wildlife Refuge. *G. Gary Scoppettone and Howard L. Burge* ... 192
Investigator visitation and predation rates on bird nests in burned and unburned tallgrass prairie in Oklahoma: an experimental study. *Paul Hendricks and Dan L. Reinking* ... 196
Suppression of saguaro cactus flower-bud formation by roosting vultures in Arizona. *Peter S. Bennett and Michael R. Kunzmann* ... 200
Helminths from mallard ducks, *Anas platyrhynchos*, wintering in the post-oak savannah of southcentral Texas. *Norman O. Dronen, James R. Lindsey, Lisa M. Ross, and George M. Krise* ... 203
Predation by dipteran larvae on fairy shrimp (Crustacea: Anostraca) in Utah rock-pools. *Tim B. Graham* ... 206
Effects of predator exclusion on rodent abundance in an Arizona semidesert grassland. *Carl E. Bock and Jane H. Bock* ... 208
Noteworthy record of the western small-footed Myotis (Mammalia: Chiroptera: *Myotis ciliolabrum*). *Ricardo López-Wilchis, Gerardo López-Ortega, and Robert D. Owen* ... 211
Longevity of Illinois bundle flower (*Desmanthus illinoensis*) seeds. *Ralph W. Kelting* ... 212
Announcements ... 214

Number 3

Seasonal variation in habitat use by the Neosho Madtom (Teleostei: Ictaluridae: *Noturus placidus*). *Linda Fuselier and David Edds* ... 217

Distribution and status of the Chihuahua chub (Teleostei: Cyprinidae: *Gila nigrescens*), with notes on its ecology and associated species. *David L. Propst and Jerome A. Stefferud* ... 224
Hybrid *Cnemidophorus* (Sauria: Teiidae) in Ninemile Valley of the Purgatoire River, Colorado. *James M. Walker, Harry L. Taylor, and James E. Cordes* ... 235
Molecular systematics of the genus *Pimephales* (Teleostei: Cyprinidae). *Timothy R. Schmidt, Thomas E. Dowling, and John R. Gold* ... 245
Summer emergence of mayflies, stoneflies, and caddisflies from a Colorado mountain stream. *R. Edward DeWalt, Kenneth W. Stewart, Stephen R. Moulton II, and James H. Kennedy* 249
Demography and status of the island fox and the island spotted skunk on Santa Cruz Island, California. *Kevin Crooks* ... 257
Spatial, seasonal, and diel variation in abundance of the bay anchovy, *Anchoa mitchilli* (Teleostei: Engraulidae), in a tropical coastal lagoon of Mexico. *Manuel Castillo-Rivera, Griselda Moreno, and Rodolfo Iniestra* ... 263
Fawning habitat of desert mule deer. *Kevin B. Fox and Paul R. Krausman* ... 269
Systematics and zoogeography of the Mer Rouge pocket gopher (*Geomys breviceps breviceps*) based on cytochrome-*b* sequences. *James W. Demastes* ... 276

Notes

Two small mammals new to the fauna of El Salvador. *Mark D. Engstrom, Burton K. Lim, and Fiona A. Reid* ... 281
Chromosomal variation in Mexican populations of the Genus *Dendroctonus* (Coleoptera: Scolytidae). *Yolanda Salinas-Moreno, Gerardo Zuñiga-Bermudez, and Ramon Cisneros-Barrios* ... 283
Great horned owl food habits at Mono Lake, California. *Paul A. Aigner, Michael L. Morrison, Linnea S. Hall, and William M. Block* ... 286
A problematic specimen of *Peromyscus* with an unusual karyotype. *Steven A. Smith, Ira F. Greenbaum, and David J. Schmidly* ... 289
The effect of box-trap design on rodent captures. *Eric E. Jorgensen, Stephen Demarais, and William R. Whitworth* ... 291
Color preference of the island endemic lizard *Uta palmeri* in relation to rat eradication campaigns. *Bernie R. Tershy and Dawn Breese* ... 295
Diurnal aggregation of banded geckos under field conditions. *Russell L. Burke* ... 297
Observations on mountain plover (*Charadrius montanus*) breeding in Utah. *Keith S. Day* ... 298
Morphometric comparison of pupfish populations, *Cyprinodon nevadensis*, at Shoshone and Tecopa, California. *Frances R. Taylor and John W. Pedretti* ... 300
Natural cactus spine injury in the tree lizard, *Urosaurus ornatus* (Phrynosomatidae). *Stephen R. Goldberg, H. J. Holshuh, George A. Middendorf III, and Naida Zucker* ... 303
Mountain lion predation on pronghorn in central Arizona. *Richard A. Ockenfels* ... 305
Announcements ... 307

Number 4

Development of the tail autotomy adaptation in lizards under disparate levels of predation at high and low elevations in Mexico. *Stanley F. Fox, Susana Perea-Fox, and Rubén Castro Franco* ... 311
Population declines of the native frog, *Rana muscosa*, in Sequoia and Kings Canyon National Parks, California. *David F. Bradford, David M. Graber, and Farinaz Tabatabai* ... 323
Geographic variation in sexual dimorphism in the collared lizard, *Crotaphytus collaris* (Sauria: Crotaphytidae). *J. Kelly McCoy, Stanley F. Fox, and Troy A. Baird* ... 328
Pollination biology of *Abronia macrocarpa* (Nyctaginaceae), an endangered Texas species. *Paula S. Williamson, Lisa Muliani, and Gena K. Janssen* ... 336
Long-term grazing influences on Chihuahuan Desert rangeland. *Jerry L. Holechek, Ackim Tembo, Alipayou Daniel, Michael J. Fusco, and Manuel Cardenas* ... 342

Effects of Abert Squirrel herbivory on foliage and nitrogen losses in Ponderosa pine. *W. Sylvester Allred and William S. Gaud* 350
Den-site selection in the island spotted skunk of Santa Cruz Island, California. *Kevin R. Crooks* 354
Double captures of small mammals in single-capture traps: random encounters or social traveling? *James F. Taulman, Ronald E. Thill, and James H. Williamson* 358
Pocket gopher herbivory and mortality of ocotillo on stream terrace, bajada, and hillside sites in the Colorado Desert, southern California. *George W. Cox and Jodee Hunt* 364
Predation by odonate nymphs on larval razorback suckers (*Xyrauchen texanus*) under laboratory conditions. *Michael J. Horn, Paul C. Marsh, Gordon Mueller, and Tom Burke* 371

Notes

Undescribed subspecies of red-tailed hawk from Baja California. *Robert W. Dickerman* ... 375
Observations of nest construction and bathing behaviors in the nine-banded armadillo, *Dasypus novemcinctus*. *James F. Taulman* 378
Faunal use of nest boxes in the Ouachita Mountains of central Arkansas. *Paul T. Caster, Gary A. Heidt, and Karen D. Stone* 380
The effect of bot fly (*Cuterebra*) infestation on cold-night trap mortality in cactus mice (*Peromyscus eremicus*). *Lyle B. Nichols* 383
Evidence of a symbiotic relationship between cellulolytic bacteria and a freshwater herbivorous turtle. *R. Brent Thomas, Don Moll, and Jack Steiert* 386
Collection of Age-0 razorback suckers (*Xyrauchen texanus*) in the lower Green River, Utah. *F. Brandt Gutermuth, Leo D. Lentsch, and Kevin R. Bestgen* 389
Effects of temperature on escape behavior in the cribellate spider, *Oecobius annulipes* (Araneae, Oecobiidae). *Vincent A. Cobb* 391
Winter specimen of the common loon (*Gavia immer*) from the state of Hidalgo, Mexico. *Patricia Ramírez B., Atahualpa E. Desucre-Medrano, Adolfo G. Navarro S., Pedro J. Romo O., and Hugo J. Castro* 394
Announcements 396
